Quality Hearing Instruments At Affordable Prices!

PREMIUM**\$1,995**

Each

•The tiny MyCore line of products are loaded with features to enhance your listening experience even in noisy situations.

•New Direct Streaming for iPhone users makes staying connected easier than ever. Phone calls can be streamed directly to your hearing aids. Available in Android with the purchase and use of the Smart Mic.

•My Voice programming software allows the hearing aids to recognize your own voice and adjust automatically for an improved sound quality experience.

•Advanced Binaural Signal Processor helps to locate the source of sounds. Often a difficult task for hearing aids wearers.

•Voice Ranger helps maintain the natural loudness of a target speaker while lessening the volume of background noise to help with conversations in noise environments.

•Intelligent Feedback Preventer quickly identifies and eliminates virtually all feedback to prevent annoying whistling.

•A wide range of accessories to enhance your listening experience even more! From small remote controls to smart phone apps found on the App Store or Google Play Store.

•Three Year Warranty
